Mr. Syed Murad Ali Shah
Chief Minister Sindh
CM House, Karachi

Subject: Transparency International Pakistan Recommendations on Uploading of Updated Information on the Website of Energy Department, Govt of Sindh, Ensuring Citizens Access to Climate Data as per Article 19A of the Constitution of Pakistan, Sindh RTI Act 2016 and Supreme Court of Pakistan Judgement in CP No. 3532/2023

Dear Sir,

Transparency International Pakistan would like to draw your attention towards its recently released report titled "State of Data Disclosure of Climate Related Departments as per Access to Information Laws". The full report is available at: https://transparency.org.pk/PUBLICATION/State-of-Data-Disclosure-under-Access-to-Information-Laws-by-Climate-Related-Departments-in-Pakistan-October-2024.pdf. One of the departments included in this assessment is the Energy Department, GoS, which has an overall poor average score of just 14%. **(Annex A & B)**

Climate related departments have a central role in climate action in Sindh. Access to updated information ensures effective implementation of climate strategies, stakeholders participation and a coordinated response. It builds trust among the local communities disproportionately affected by climate change, enhances transparency and encourages confidence among international institutions, necessary for an effective access to much needed climate finance.

The honorable Chief Minister is requested to issue directives for compliance with Sindh Transparency and Right to Information Act, 2016, section 6, Proactive Disclosure which mandates departments to proactively disclose information through their websites. It is also a mandatory obligation on public bodies under Article 19-A of the Constitution of Islamic Republic of Pakistan, as well as the honorable Supreme Court of Pakistan judgment dated 16 October 2023, in CP No. 3532/2023, which declared that;

> *"What previously may have been on a need-to-know basis Article 19A of the Constitution has transformed it to a right-to-know, and the Access to information is no longer a discretion granted through occasional benevolence, but is now a fundamental right available with every Pakistani which right may be invoked under Article 19A of the Constitution"*

Transparency International Pakistan remains available for any technical assistance department may require, implementing the recommendations. **TI Pakistan also requests meeting with the Secretary, Energy Department to brief on the methodology of the report as well as discuss how these recommendations can be effectively implemented**.

Transparency International Pakistan is striving for across the board application of Rule of Law, which is the only way to eradicate corruption.

With Regards

Advocate Daniyal Muzaffar
Trustee/Legal Advisor
